Maximize your team with AcuMax

Have you ever seen an assessment that can tell more about you in 5 minutes than someone you have known for 2 years? The **AcuMax** Index is the **ONLY** assessment that measures and reports on human wiring. A much more profound and insightful dive into an individual!

AcuMax is based on **NEURAL SCIENCES**, while all other personality assessments are based on social sciences. **A huge difference!**

AcuMax is a comprehensive assessment tool designed to optimize the hiring process, enhance employee development, and perfectly align talent and organizational goals. It leverages advanced analytics to evaluate cognitive abilities, personality traits, and job fit, enabling businesses to make data-driven HR decisions.

ENGAGEMENT ISSUES

DESIGN AND BUILD
WINNING TEAMS

Unlike traditional personality tests, Acumax offers a multifaceted assessment that integrates cognitive evaluation, personality insights, and job fit analysis, uniquely positioned to provide a holistic view of candidates and employees. Our proprietary algorithms and comprehensive reporting set us apart in the market.

AcuMax provides scalable solutions to businesses of all sizes, ensuring a high ROI through improved hiring efficiencies, reduced turnover rates, and enhanced employee productivity.

AcuMax is not just another assessment tool; it is a strategic partner for organizations looking to navigate the complexities of talent management in the modern workplace.

"AcuMax Index has facilitated changes at the C-level contributing to our growth from a 3 million to 15 million a year company."

Tom Richardson
COO, Liberty Title

"Our production metrics are at historical highs. AcuMax Index is part of our toolbox that I use every day. without it, we wouldn't have the results we have today."

Scott Wiltsie
Human Resource Manager,
Vanamatic Company
